Items of Note

Over the past year the school has been focusing its fundraising efforts towards revitalizing our playground facilities. While we are pleased with our efforts to date, playground equipment can be very costly. We need more resources than a pizza sale can provide.

We need access to funds that will help us achieve our goals in a more reasonable timeframe. This means searching out and applying for grants, organizing fundraising events, and reaching out corporate support. Even before that happens, we need a plan for the revitalization: what do we need and in what order should we get it?

To this end, we are looking for a group of individuals who would like to see this through for the benefit of our children; people who would like to cooperatively determine our needs and develop & implement a plan to create a playground that engages students in safe, age-appropriate, and constructive play.

If you want an opportunity to shape a significant part of our school and impact children for years to come, please contact the principal at [patrick.wilbur @ wrsd.ca](mailto:patrick.wilbur@wrsd.ca).
